ABSTRACT

This research aims to analyze the forms of expressive act and analyze the meaning of the expressive act. This thesis, entitled "Analysis of expressive act at grammy awards 2023". The data collection used is the sentences of people who gave speeches at the 2023 Grammy Awards which were taken from the Grammy Awards YouTube. In this study, researchers found that expressive acts often occur at Grammy Awards 2023. Expressive acts also indicate a picture of the atmosphere that occurs in a person, whether it is sadness, happiness, difficulties, etc., which are not only expressed in sentences but , can be explained by the person's expression. And this research uses the theory of George Yule (1996) as well as several supporting theories. The technique used in this research is transcribing observation. This research uses qualitative methods and all speaker utterances are analyzed descriptively. It can be seen that the expressive actions in the Grammy Awards appear in the form of expressions and contains meanings such as pleasure, joy, liking, expressive of thanking, difficulties, praise, congratulations.
