ABSTRACT

This particular research is a descriptive qualitative research that aims to find out how and which grammatical cohesion are used and written in Kendrick Lamar's Short Movie news in international online newspapers. This analysis is done by focusing on the cohesive devices that are found in the articles and belong to any of the cohesive devices. This research will be based on *Cohesion in English* by Halliday and Hasan (1976). Data were collected by reading and taking a note in four articles with the same topic. Most cohesive devices are found in the articles, Namely Reference, Conjunction, Substitution and Ellipsis. However, There is one article that doesn't include Ellipsis as one of the devices. The most dominant devices found in this article is conjunction and the least device found is substitution.
